

# Quick Reference Guide: Restore Back up

## Restore Backup

1. Select Restore from iCloud Backup. If you have backed up your previous device to iCloud, then select Restore from iCloud option.
  - Log in with you existing AppleID and select the backup you would like to restore from (see: <https://support.apple.com/en-us/118105>)

Or, select Restore from Mac or PC if you have backed up your previous device to a Computer (PC or MAC).

- Connect to Mac or a PC with iTunes and follow iTunes restore guide Here (See: <https://support.apple.com/en-us/118105>)
